Important Information

What will happen to my future employer contributions?

Using this form to transfer your benefits won't change the fund into which your employer currently pays your contributions and may close the account you are transferring benefits from. Speak to your employer about changing your employer contribution to this fund.

Things to consider when transferring your superannuation

The following may apply when changing funds, so you need to consider all relevant information before you make a decision to transfer your superannuation:

- **Entitlements** – After you have transferred your superannuation benefits from a fund, entitlements (including any insurance cover) under that fund may cease
- **Fees** – The fund you are exiting must give you information about administration and exit and/or withdrawal fees. Ask your previous fund for further information about fees before completing this form.

Tax file number (TFN)

Under the Superannuation Industry (Supervision) Act 1993, you are not obliged to disclose your tax file number but there may be tax consequences. Please see section 2 for more information about what will happen if you do not quote your TFN.
